ASSEMBLY

Insert Caster Socket (F) into each corner in bottom tray (B). Evenly tap each caster socket with mallet until fully seated and secure.

Insert Caster (G) into corner hole in bottom of tray (B). Repeat for each corner of tray. Evenly tap each wheel with mallet until fully seated and secure. Turn tray right side up.

Lower each corner post (E) onto tray (B). For proper alignment, first push down by hand. Then, evenly tap each post with mallet until fully seated and secure.

Lower middle tray (B) and insert on top of corner posts (E). First, push down all four corners evenly by hand. Then, evenly tap with mallet on locations indicated until fully seated and secure.

Caution: Mallet should not be used directly on corners.

ASSEMBLY CONTINUED

Lower each corner post (E) onto tray (B). For proper alignment, first push down by hand. Then, evenly tap each post with mallet until fully seated and secure.

Insert handle (A) onto tray (B). Gently tap each handle corner with mallet to secure handle (A) to tray (B). Attach using 4 screws (C).

Lower top tray (B) and insert on top of corner posts (E). First, push down all four corners evenly by hand. Then, evenly tap with mallet on locations indicated until fully seated and secure.

Caution: Mallet should not be used directly on corners.
